

**Product Name:**

**CONCRETE MOULD OIL**

**Product Codes:**

**HT02820, HT02821**

**Pack Quantity:**

**1**

## Product Description

Strike Release Oil is a highly effective release agent to enable concrete shuttering to be removed easily, leaving the edge of the concrete structure clean and well formed. Suitable for most types of form work including potable water structures, not affected by rain after application.

## Key Features

- Solvent, and mineral oil free emulsion based on biological degradable synthetic oil
- produces a high-quality stain, and blemish free, concrete finish with minimum incidence of blowholes
- can be used as a release agent for smooth non-absorbent formwork, absorbent formwork, heated formwork (up to 70°C) and textured formwork
- excellent 'sticking' ability on vertical mould surfaces and protects formwork from steel corrosion, early ageing, gives easy, and precise separation of the formwork from the hardened concrete

## Sizes

- 5L - HT02820
- 20L - HT02830
